**1.2 SCOPE OF WORK - Describe your firm's method for satisfying the Scope of Work on pages 26-27.**

Hello,  
 We are a full service landscape, irrigation and tree contractor. We have seventeen team members located in the North Phoenix area. We do a lot of work for Circle K Corp here in town and we are able to respond quickly to any issues they have. We also have a multi year contract with Salt River Project where we maintain the landscaping and trees well over 100 electrical substations. Those sites have schedule and emergency work that needs to get done and we are able to handle that as well. Additionally, we take care of the Madison Elementary School District for tree work as well as Arizona Grand Resort, a few Health and Rehb facilities, and several Cemeteries for Dignity Memorial/Service Corporation International. We are not a huge company, but I think we are large enough to take care of large facility oriented clients, yet small and flexible enough to care and be concerned about getting the job done right.

In the 80's and 90's, Aaron Eubank, owned a large commercial landscape maintenance company in the metro Phoenix area. That company merged with a national landscape company in 1998. At the time of the merger, a "non compete" agreement was executed so Aaron was not able to perform landscape or tree services within 100 miles of Phoenix for several years. Aaron started Titan Pest Control in 1999 and continues to own that company. When the "non compete" agreement expired, Aaron started Titan Landscape Services.
