

2023/24 School Rates

Due to the ongoing struggles posed by the Covid 19 Pandemic, continued increase in fuel and labor costs, Tour West America will be increasing student transportation rates. Below you will find the updated pricing based on your bid package. The bulk of the adjustments were made to Out of State pricing in an effort to provide similar rates here in the Valley - while adjusting for California's more strict emissions laws and increased fuel costs.

Thank you for continuing to allow us to serve your students.
