GENERAL

1.1 INTRODUCTION

Maricopa County Community College District is seeking proposals from qualified firms for online printing services such as business cards and other stationery items.

1.2 MCCCC DISTRICT MAKE-UP

MCCCCD comprised of ten colleges, and numerous education centers dedicated to educational excellence by meeting the needs of the businesses and the citizens of Maricopa County. Each college is individually accredited, yet part of a larger system, the Maricopa County Community College District (MCCCCD or District). The MCCCCD is one of the largest higher education systems in the nation. As the largest provider of health care workers and job training in Arizona, it is a major resource for business and industry and for individuals seeking education and job training. More than 200,000 students attend the Maricopa Community Colleges each year taking credit and non-credit courses. MCCCCD employs nearly 4,500 full-time faculty and staff and more than 9,000 part-time faculty and staff.

1.3 HISTORY

MCCCCD ranks as one of the nation's largest systems of its kind and is the largest single provider of higher education in Arizona. MCCCCD educates and trains thousands of students year-round. What's more, thousands of employees from both local and relocating businesses and industries are enrolled in customized workforce training programs with the MCCCCD system. MCCCCD's administration, faculty and staff are committed to working collectively and responsibly to meet the life-long learning needs of our diverse students and communities.

A seven-member governing board governs MCCCCD. Five members are elected from geographical districts within Maricopa County, while two are elected on a countywide basis. The chief executive officer of MCCCCD is the Chancellor; and a president heads each of the colleges. MCCCCD is a political subdivision of the State, and the elected governing board has the power to levy taxes. Funding comes from property taxes, student tuition, and federal, state and private grants.

1.4 CURRENT ENVIRONMENT

The Maricopa County Community College District, along with most educational entities in the State of Arizona, has been dealing with decreased funding support from the State for many years. In 2015, the State of Arizona eliminated all of the funding it was providing to help support MCCCCD's operations. In addition to the loss of all funding from the State, MCCCCD has experienced a decrease in student enrollment, which is a typical trend for all community colleges during strong economic times.

It is the philosophy of MCCCCD that this loss of funding and decreased enrollment should not be bridged by raising student tuitions or by burdening the public with increases in their taxes. The result of these funding reductions has created a need to rethink the traditional model of customer and vendor so that MCCCCD can continue to provide the best learning environment for our student population as well as practice good stewardship of the public support we receive.

It is the District's desire to move towards a model that is being utilized by many other higher learning institutions throughout the country which is to evolve the previous customer/supplier relationships associated with our contractors to that of becoming our Strategic Partners. By cultivating strategic partnerships, it will enable MCCCCD and the awarded contractor to help identify potential cost reductions, maximize efficiencies, and tap unexplored value-added opportunities to maximize resources and support to the benefit of both parties. Any potential strategic initiatives can be established during negotiations.

1.5 STRATEGIC PARTNERSHIPS

In addition to providing the services listed in this Request for Proposal, MCCCCD is continually seeking to expand its relationships with contractors who can evolve into a strategic partner. We are seeking companies that can help expand the boundaries of what has been thought of as traditional staffing contracts by infusing the program with new concepts, out-of-the box thinking, and value-added offerings that may not have existed before.

1.6 VALUE ADDED OFFERINGS:

MCCCCD would be interested in receiving any suggestions that would bring added value to this contract. As stated in section 1.4, the previous sources of State revenue support have been cut and in order to continue to provide the quality of education our students deserve MCCCCD is open to considering new resources and ideas to help alleviate these short-falls. These proposals may be a one-time occurrence or recurring in nature, revenue producing (such as incentives or rebates) or other offerings that would bring added value to our organization. Provide details how leveraging a strategic partnership with your company can assist MCCCCD in achieving our goals. Creative solutions are encouraged and should be clearly labeled in the proposal as an attachment.

Potential value added offerings may be proposed in general in the attachment but will not be reviewed and considered until after the competitive evaluation process has been completed. Once a susceptibility of award is determined by the evaluation team further negotiations regarding these added value offerings may occur and must be completed prior to a final contract award.

Section One: GENERAL

Rev 090817

The negotiation of any of these offerings is separate from the evaluation process. Changes / additions to these offerings may be made if agreed upon in writing by both parties and included as a signed contract amendment.

MCCCD reserves the right to exclude items offered under this section from co-operative use unless also agreed upon by the awardee.

2.3 PROPOSAL SUBMISSION

It shall be the responsibility of the Proposer to assure that Proposals are received as follows:

Due to the ongoing COVID-19 health situation, all proposals must be submitted electronically via email. Proposals must be combined into a single, complete PDF with all tabs, attachments, etc. in the order listed in Section 3.6. Do not submit a proposal with the required sections/tabs separated into individual documents. The subject line of your email should include the first line of the information below:

Request for Proposal # 3484-9, Online Print Ordering
Proposal Closing Date: April 30, 2021 Time: 3:00 p.m. (Local Time)

NOTE: MCCCCD email restricts attachments over 25MB. If your Proposal file is larger than 25MB you will need to compress it or use a zip file program to reduce it down to an allowable size. The only exception to sending your proposal as the one PDF file requirement would be if you were not able to compress, or zip, your file size to the 25MB restriction. In that case you may divide your file into smaller file sizes in order to use multiple emails to submit it. Setting up a secure electronic drop box for MCCCCD to retrieve your file is also an acceptable method if you so choose.

Before submitting your proposal, make sure that you have read, understood and comply with Part IV – Proposal Requirements, Paragraph 3.3 – Deviations from RFP. Requested deviations will not be considered after the submission deadline.

2.4 AWARD DETERMINATION

This Request for Proposal does not constitute a commitment by the District to award a contract. The District reserves the right to waive any informalities and to reject any or all proposals and/or to cancel the Request For Proposal. The award shall be made on the proposal(s) that serves the best interest of the District and will not be evaluated solely on a monetary basis. The District reserves the right to negotiate a contract with the selected awardee. Even after the execution of a contract document or Notice of Award, the selected vendor may not initiate contract performance or incur any contract costs until it receives a District-issued purchase order or Procurement card.

2.5 PROPRIETARY INFORMATION

In the event any Proposer shall include in the Proposal any information deemed "proprietary" or "protected", such information shall be separately packaged from the balance of the proposal and clearly marked as to any proprietary claim. Unless it is critical for the evaluation of a proposal, the District discourages the submission of proprietary information and undertakes to provide no more than reasonable efforts to protect the proprietary nature of such information. The District's Purchasing Manager will review all proprietary information after the proposals are opened and, in conjunction with District General Counsel, make a determination if the information provided meets the classification as proprietary. If the information cannot be classified as proprietary by the District, the Proposer shall be notified and provided to the opportunity to redact that information from their proposal. Any redacted information will not be considered when evaluating the proposal. The District shall have the right to use any or all information included in the proposals submitted unless the information is expressly restricted by the Proposer.

2.6 PROPOSAL FORM

All proposals must be submitted in writing. Oral, telephone, facsimile (fax machine) or computer data transfer proposals will not be accepted. Each proposal shall be prepared simply, providing the straightforward, concise description of the proposer's ability to meet the requirements of the RFP. Emphasis should be on completeness and clarity of contents. No proposal shall exceed fifty (50)

typewritten pages in length plus any pricing schedule(s), exhibits, resumes, proposed draft revenue sharing agreement, or attachments.

2.7 PROPOSER MODIFICATIONS TO PROPOSALS

No modifications to proposals are permitted by the proposer after the published RFP opening date and time. Proposals may be modified after delivery, but before opening, by requesting that they be returned. Modifications must be made and the response returned by the published date and time.

2.8 WITHDRAWAL OF PROPOSAL

Any Proposer may withdraw their proposal by written request at any time prior to the deadline set for receipt of proposals. No proposal may be withdrawn or modified after that deadline and shall be binding upon Proposer for a period of ninety (90) days after due date. Withdrawn Proposals may be resubmitted up to the time designated for the receipt of Proposals provided that they are then fully in conformance with the general terms and conditions of the RFP.

2.9 PROPOSAL COSTS

Any and all costs associated with the preparation of responses to this Request for Proposal, including site visits, oral presentations and any other costs shall be entirely the responsibility of the Proposer and shall not be reimbursable in any manner.

2.10 ORAL PRESENTATIONS

Proposers may, after opening and prior to award, be required to make oral and visual presentations at the request of the MCCCCD. The MCCCCD will schedule the time and location for any presentations as requested. Oral presentations will be evaluated.

2.11 AWARD WITHOUT DISCUSSION

The MCCCCD reserves the right to make an award(s) without further discussion of the proposals received. It is therefore critical that all proposals be submitted initially in the most favorable terms possible, both economically and technically.

2.12 CONTRACT COMMENCEMENT/TERM

It is the intent of the District to commence the resulting contract as soon as possible after evaluation of the proposals. A written Notice of Award with a specific contract start date will be made prior to commencement of performance. MCCCCD may at its discretion and with the concurrence of the

successful proposer, exercise up to 4 one-year option periods for a total contract period not to exceed five years. However, if a mutually beneficial strategic agreement can be reached that would benefit from a longer term, those terms will also be considered.

2.13 MCCCCD MODIFICATIONS TO PROPOSALS

Any interpretation, correction, or change of this RFP will be made by written Addendum. Interpretations, corrections, or changes of this RFP made in any other manner will not be binding, and Proposers shall not rely upon such interpretations, corrections, and changes. Any changes or corrections will be issued by MCCCCD Purchasing. Addenda will be mailed or faxed to all that are known to have received a copy of the RFP. Addenda will also be posted to the proposal documents on the Purchasing website located at www.maricopa.edu/purchasing.

2.14 NON-COLLUSION

The MCCCCD encourages free and open competition. Whenever possible, specifications, proposal invitations and conditions are designed to accomplish this objective, consistent with the necessity to satisfy the MCCCCD's needs and the accomplishment of a sound economical operation. The Proposer's signature on its proposal guarantees that any prices offered have been established without collusion with other eligible Proposers and without effort to preclude the MCCCCD from obtaining the most advantageous proposal.

Proposers must specifically provide a separate listing of each circumstance in which their proposal differs from any terms or conditions of this Request for Proposal. Failure to list such a deviation will result in the terms of the proposal being disregarded in favor of the corresponding term(s) of the RFP. Material deviations from the requirements of this RFP shall result in rejection of the proposal.

The term “material deviations” includes both deviations from the MCCCCD contract terms set forth in this RFP **and** additional contract terms that the Proposer requests the MCCCCD to consider. Be aware that the absence of a term on a subject in the RFP, particularly a general contract term and condition, does not mean that the Proposer should feel free to offer one. The MCCCCD considers the General Terms and Conditions of this RFP to be a fair allocation of risk between a contractor and the MCCCCD. It will not accept terms – revised or additional ones - that shift those risks or provide the Proposer with additional discretion. The Proposer in choosing the respond to this RFP, must demonstrate in its Proposal that it accepts the terms upon which the MCCCCD is conducting the competition.

The Proposer must list in the separate listing specified above all deviations, including any additional terms, in its Proposal so that MCCCCD may consider them in determining the most advantageous offer. Deviations that a winning Proposer submits after it has been selected for award, such as through a vendor standard template contract, will not be considered.

4.4 SIGNATURE

The Contractor shall furnish and include all requested information with their proposal. Statements are required to be complete and accurate, and the proposal shall be signed by an authorized signatory of the company (sworn to and notarized, if requested). A proposal submitted by an agent will have a current Power of Attorney attached certifying the agent’s authority to bind the Proposer. Omission, inaccuracy, or misstatement may be sufficient cause for rejection of the proposal.

4.5 AWARD CONSIDERATION

From the total information requested, determination shall be made of the Proposer's ability to serve the MCCCCD. Only proposals from responsible organizations or individuals, as determined by the MCCCCD, which have the capability of providing the required services under this RFP, shall be considered. If Contractor is required by law to transfer, disclose or permit access to or use of Confidential Information by a third party, Contractor will promptly notify MCCCCD in advance of such action and cooperate with MCCCCD to limit the extent and scope of such transfer or disclosure.
- 8.2.2 If the Contractor potentially has access to MCCCCD Confidential Information under this Contract, Contractor agrees that Confidential Information provided to it, or to which it may have access, during the provision of service, will be used only and exclusively to support the service and service execution and not for any other purpose. Contractor agrees that Confidential Information will not be further disclosed to any third-party without the express

- written consent of MCCCCD. Such use will not include examining data for targeted marketing either within the confines of the service or external to the service (e.g., keyword indexing). Contractor may use aggregate statistics on service usage solely for internal business purposes to enhance or optimize the functionality of the service provided under the Agreement provided that such data cannot be attributed to any individual following anonymization and aggregation and no MCCCCD Confidential Information is retained by Contractor.
- 8.2.3 Contractor will limit access to Confidential Information to its employees with a need to know the Confidential Information to carry out the activities under this Contract and will instruct those employees to keep the information confidential. It is understood, however, that Contractor may disclose the MCCCCD Confidential Information on a need-to-know basis to its contractors, subcontractors, and vendors who are performing services, provided those contractors, subcontractors, and vendors have executed confidentiality agreements and have agreed to materially the same or greater security obligations as Contractor provides with respect to MCCCCD Confidential Information hereunder, and further provided that Contractor shall remain legally and financially liable for any unauthorized disclosure of the MCCCCD Confidential Information by those contractors, subcontractors, and vendors. The access rights of any employees, contractors, and subcontractors will be removed immediately by Contractor upon termination or adjusted upon change in job function when such access is no longer necessary. Contractor will closely monitor physical and logical access to Confidential Information, including areas where it stores Confidential Information. Without limiting the foregoing, Contractor shall maintain and only allow access to Confidential Information in the United States. Contractor shall obtain MCCCCD's written consent prior to allowing access to Confidential Information from outside the United States, or transferring systems containing Confidential Information outside the United States.

If a Contractor staff person or Contractor subcontractor potentially will have access to MCCCCD's network, facilities, data, Confidential Information, and/or Sensitive Information,¹ they may not perform any work involving such access until they have received MCCCCD's privacy and security training, and/or accepted and agreed to adhere to MCCCCD's privacy and security policies and procedures and have entered into a non-disclosure agreement with MCCCCD.² If exigent circumstances are presented, all or part of this requirement may be waived in writing by MCCCCD's Chief Privacy Officer or General Counsel.

¹ Sensitive Information is information that is so deemed under applicable law. Personally identifiable information, personally identifiable education records, individually identifiable health information, personally identifiable financial information and payment card information are examples of Sensitive Information covered under the Arizona Revised Statutes (ARS), Family Educational Rights and Privacy Act (FERPA), Health Insurance Portability and Accountability Act of 1996 (HIPAA), Gramm-Leach-Bliley Act (GLBA aka Financial Services Modernization Act of 1999) and Payment Card Industry Data Security Standard (PCI DSS), respectively.

Any such notice will provide a description about the Confidential Information that was accessed as Contractor has available at the time of the notice. Contractor will keep the MCCCCD Office of General Counsel updated promptly as additional details about the nature of the Confidential Information become available, and will communicate such information in a manner that maximizes the extent to which the attorney-client privilege and/or work product attaches to these communications. - 8.2.7 Contractor agrees to mitigate, to extent practicable, any harmful effect that is known to Contractor of a use or disclosure of Confidential Information in violation of this Contract by Contractor or its subcontractor.
- 8.2.8 For purposes of this Contract, “security incident” means the unauthorized access and/or misappropriation of Confidential Information. If in the event that applicable law requires notification to individuals or others of such a security incident or such incident places individuals at an actual risk of harm, Contractor will (i) be completely accountable and responsible, financially and otherwise, at no cost to MCCCCD, (ii) provide assistance with the drafting and mailing of such notifications, (iii) retain a mutually agreed upon vendor to provide notification and call centering services, and (iv) offer to provide two (2) years of industry standard credit monitoring, identity theft restoration services and identity theft insurance to each affected individual at no cost to Customer or such affected individual. The requirement to offer such monitoring and insurance will only exist for individuals in those jurisdictions where such products are available.

Pursuant to Arizona Revised Statutes §41-151.12, MCCCCD must retain records according to established retention periods. Records required for ongoing or foreseeable official proceedings such as audits, lawsuits or investigations must be retained until released from such official proceedings. Thus, if applicable, the Contractor's hosted system shall have the ability to:
- A. Archive records according to variable time periods/life cycles;
 - B. Search and retrieve records based upon content;
 - C. Place a litigation hold on records to ensure that they are not deleted;
 - D. Grant direct access to MCCCCD for its own search and production of records;

8.4 MCCCCD EXTERNAL ENTITY SECURITY AND HOSTING PRACTICES AND STANDARDS

Section Eight: SPECIAL TERMS AND CONDITIONS

Rev 032218

This document identifies the security practices that are required for External Entities performing information technology services for MCCCCD.

I. Definitions

The term “Authorized Visitor” means visitors who are pre-approved by MCCCCD to access the Environments.

The term “Continental United States” refers to all of the United States on the North American continent. The Continental United States includes 49 states, i.e., each of the 50 states exclusive of Hawaii.

The term “External Entity” means the entity that is responsible for performing information technology services for MCCCCD. External Entity is also comprised of various teams and individuals involved in information security at External Entity, including the executive-level oversight committee, corporate information, all lines of business (LoBs) and individual information security managers (“ISMs”) who are assigned by each LoB to represent the security leadership of each organization. Additionally, External Entity also includes any Subcontractor or third-party that External Entity deploys for the delivery of Services,

The term “Environment(s)” means MCCCCD’s technology environments to which External Entity is granted access in order to provide the services.

The term “Service Location(s)” means External Entity offices from which the Environments may be accessed.

The term “Service(s)” means the information technology service(s) described and set forth under a written contractual agreement between MCCCCD and External Entity.

The term “Subcontractors” means subcontractors retained by External Entity and its subsidiaries that assist in performing the Services.

II. Security Policies

External Entity’s corporate security policies must cover the management of security for both its internal operations as well as the Services External Entity provides to its customers, and apply to all External Entity employees, subcontractors and third-parties to External Entity, temporary employees, and individuals and legal persons that are involved in delivering services. These policies, which are aligned with the ISO/IEC 17799:2005 and ISO/IEC 27001:2005 standards, govern all areas of security applicable to the services.

Organizational Security

External Entity policy should describe the roles and responsibilities of various teams and individuals involved in information security at External Entity, including the executive-level oversight committee, corporate information, all lines of business (LoBs) and individual ISMs who are assigned by each LoB to represent the security leadership of each organization.

The policy should also describe the principles for development, executive approval, implementation, and maintenance of all information security policies and practices at External Entity. This over-arching information security policy also describes governing principles such as 'need to know', least privilege, and segregation of duties.

- All individuals and legal persons who are involved in delivering Services are subject to External

Entity security policies.

Asset Classification and Control

- External Entity policy should provide guidelines for all External Entity personnel regarding information classification schemes and minimum handling requirements associated with those classifications in an effort to ensure proper protection of External Entity and MCCCCD information assets.

External Entity policy should require the implementation of anti-virus and personal firewall software and strongly recommends the use of Software Update Service (SUS) for Windows on desktop and laptop computers.

- External Entity policy should set requirements for use of the external entity corporate network, computer systems, telephony systems, messaging technologies, Internet access, and other company resources.

Human Resource Security

- External Entity should have a code of conduct that sets forth external entity's high standards for ethics and business conduct at every level of the company, and at every location where external entity does business throughout the world.
- The standards apply to employees, independent contractors, and temporary employees and cover the areas of legal and regulatory compliance and business conduct and relationships.
- Compliance-tracked training in ethics and business conduct and confidential information handling is required once every two years.

Physical and Environmental Security

- External Entity should have a policy that states corporate-level mandates for log retention, review, and analysis. Areas covered include minimum log requirements, responsibilities for the configuration and implementation of logging, alert review, problem management, retention, security and protection of logs, as well as compliance review.
- External Entity should have a policy that establishes guidelines for secure erasure of information, from all types of electronic and physical media, where use for current purposes is no longer needed and a decision has to be made regarding recycling or destruction. The policy is intended to protect external entity resources and information from security threats associated with the retrieval and recovery of information on electronic media.

Access Control

- External Entity should have a policy that describes logical access control requirements for all external entity systems, including authentication, authorization, access approval, provisioning, and revocation for employees and any other external entity-defined 'users' with access to external entity systems which are not Internet facing publicly accessible systems.
- External Entity should have a policy that requires protection of information assets by external entity employees, through the use of strong password controls where passwords are being used as a method of authentication.
- External Entity's policy should describe the identity and access management method to define, allocate, adjust or remove an identity. The policy should address the characteristics of an identity, so as to ensure each identity is unique

Business Continuity Management

Section Eight: SPECIAL TERMS AND CONDITIONS

Rev 032218

- External Entity should have a policy that addresses the requirements for the development, maintenance and testing of emergency response, disaster recovery, and business continuity practices to minimize the impact of business disruptive events on external entity's internal business operations globally.
- External Entity has a Business Continuity Plan that addresses MCCC'D's business continuity requirements and this plan is tested at least once (1 time) every contract year

Compliance

- External Entity should have a policy that describes External Entity's treatment of data that resides on External Entity, MCCC'D or third-party systems (including personally identifiable information or "PII") to which External Entity may be provided access in connection with the provision of the Services.
- External Entity must have a policy that requires reporting of and response to information security incidents in a timely and efficient manner. External Entity must also maintain a detailed incident response plan to provide specific guidance for personnel involved in or supporting incident response.
- External Entity must have a policy that provides requirements for External Entity employees to notify identified contacts internally, in the event of suspected unauthorized access to MCCC'D data, PHI, PII and PCI.

III. Physical Security

Physical Security Safeguards: External Entity must maintain the following physical security standards, which are designed to prohibit unauthorized physical access at the Service Location(s).

- Physical access to Service Locations is limited to External Entity employees, Subcontractors and Authorized Visitors.
- External Entity employees, subcontractors and authorized visitors are issued identification cards that must be worn while on the premises.
- Authorized Visitors are required to sign a visitor's register, be escorted and/or observed when they are on the premises, and/or be bound by the terms of a confidentiality agreement with External Entity.
- External Entity security monitors the possession of keys/access cards and the ability to access Service Locations. Staff leaving External Entity's employment must return keys/cards and key/cards and all other access are deactivated upon termination.
- After-hours access to Service Locations is monitored and controlled by External Entity security.
- External Entity security authorizes all repairs and modifications to the physical security barriers or entry controls at Service Locations.

IV. Network Security

External Entity must take the following steps to secure access to the Environments:

- External Entity employs intrusion detection systems within the External Entity network to provide continuous surveillance for intercepting and responding to security events as they are identified. External Entity utilizes a network-based monitoring approach to detect attacks on open firewalls ports within External Entity's network. Events are analyzed using signature detection, which is a pattern matching of Environment settings and user activities against a database of known attacks. External Entity updates the signature database as new releases become available for commercial distribution. Alerts are forwarded to External Entity's IT department for review and response to

potential threats.

- External Entity uses router rules, access control lists and segmentation on the External Entity network.
- External Entity's IT department manages and monitors all routers and firewall logs. Network devices are safeguarded via centralized authentication; usage is audited.
- When External Entity accesses the Environments residing on MCCCCD's system over the Internet, it uses only (a) encrypted network traffic via industry standard Virtual Private Network (VPN) or equivalent technology, or (b) technology permitted by MCCCCD's network administrator (e.g., direct dial-up or DSL if permitted on MCCCCD's network). Unless otherwise specified in MCCCCD's order, in (a) above, External Entity uses External Entity Continuous Connection Network (OCCN), which utilizes a persistent VPN tunnel and Cisco Software VPN Combination, for internet-based connections to the Environments.
- To the extent specified in MCCCCD's order, External Entity may also use a desktop/laptop client based product when it accesses the Environments residing on MCCCCD's system over the Internet. Examples include: Cisco Software VPN, Nortel Software VPN, Checkpoint Software VPN, Netscreen Software VPN, Point-To-Point Tunneling Protocol (PPTP), Neoteris Secure Sockets Layer (SSL) VPN, Aventail SSL VPN.
- External Entity shall ensure that all systems that contact MCCCCD's network are controlled and managed from a virus protection perspective, to the extent that unmonitored or unwarranted systems (i.e. BYOD without External Entity Device Image) will be prohibited from connecting to MCCCCD's network.

V. Data Management/Protection

Deletion of Environments: Upon termination of services or at MCCCCD's request, External Entity will delete the Environments located on External Entity computers in a manner designed to ensure that they cannot reasonably be accessed or read, unless there is a legal obligation imposed on External Entity preventing it from deleting all or part of the Environments. Unless otherwise specified in writing, External Entity will archive Environments on tape for six months following termination of the services. MCCCCD shall be entitled to request a recovery of such backed-up Environments within the six months following termination.

Reporting Security Incidents: If the MCCCCD contract specifies that External Entity is required to access a production Environment to perform the Services and/or to receive production data into a development or test Environment to perform the Services, External Entity will take the following additional measures:

- External Entity will promptly evaluate and respond to incidents that create suspicions of unauthorized misappropriation of MCCCCD's data. External Entity security will be informed of such incidents and, depending upon the nature of the activity, will define escalation paths and response teams to address the incidents.
- If External Entity determines that data in MCCCCD's Environments has been misappropriated (including by a External Entity employee), External Entity will report such misappropriation to MCCCCD in writing.
- External Entity personnel are instructed in addressing incidents where handling of data has been misappropriated, including prompt and reasonable reporting and escalation procedures.

Disclosure of Data: External Entity will not disclose data located on External Entity systems, including text and images, except in accordance with MCCCCD's contract, MCCCCD's instructions, or to the extent required

by law. External Entity will use diligent efforts to inform MCCCCD, to the extent permitted by law, of any request for such disclosure before disclosure is made.

Crisis Management and Escalation Management: External Entity policy will provide a detailed plan to address an identified infection or high-risk security breach (high-risk event). Such policy will include the detailed activities that address escalation of the resolution of the high risk event, up to an executive level crisis management.

VI. Access Control

Account Provisioning and Passwords: External Entity must maintain the following standards for provisioning access to and creating passwords for the Environments that are in the control of External Entity:

- Access is provisioned on a need-to-know basis.
- Passwords conform to the strong password guidelines that include complexity, expiration, duplicity and length. Passwords will not be written down or stored online unencrypted.
- Passwords are treated as External Entity confidential information.
- At MCCCCD's request, External Entity will agree with MCCCCD on a schedule for periodic password changes.
- User IDs and passwords to MCCCCD's systems are not communicated to any other person without MCCCCD's prior authorization.

General Access: In the event of employee terminations, deaths or resignations, External Entity will take immediate actions to terminate network, telephony and physical access for such former employees. External Entity security will periodically review accounts of terminated employees to verify that access has been terminated and that stale

VII. Additional External Entity Practices

Computer Virus Controls: External Entity must maintain the following computer virus controls for computers issued to External Entity employees:

- External Entity maintains a mechanism within the External Entity network that scans all email sent both to and from any External Entity recipient for malicious code and deletes email attachments that are infected with known malicious code prior to delivery.
- External Entity requires all External Entity employee laptops or other devices that can access MCCCCD's network to be loaded with virus protection software. External Entity maintains mechanisms to ensure that virus definitions are regularly updated, and that updated definitions are published and communicated to employees and other device users. These mechanisms also give employees and other device users the ability to automatically download new definitions and update virus protection software. From time to time, External Entity security will conduct compliance reviews to ensure employees and other device users have the virus software installed and up-to-date virus definitions on all desktops and laptops.

Information Security Managers: External Entity should have ISMs, who function as advocates within External Entity and carry the accountability to:

1. Ensure information security awareness to External Entity employees and management, and
2. Work collectively with that group to help implement and comply with External Entity's corporate security practices, policies and initiatives.

VIII. Human Resources Security

Personnel: All External Entity employees, independent contractors, and temporary employees must be required to abide by the External Entity code of ethics and by MCCCCD rules, when visiting MCCCCD sites. External Entity must place strong emphasis on reducing risks of human error, theft, fraud, and misuse of facilities. External Entity's efforts should include screening personnel, making personnel aware of security policies, and training employees to implement security policies. For example, employees are expected to have a clear understanding of password policies and policies concerning the handling of confidential information (in any form or shape).

Employee Security Requirements

External Entity employees must be required to take various measures to protect the security of the Environments. Employee obligations include written confidentiality agreements and compliance with company policies concerning protection of confidential information (e.g., External Entity code of conduct, acceptable use and information protection policies). Employees also are required to take the following measures to protect MCCCCD's data:

- Store materials containing data securely and share those materials internally only for the purposes of providing the services.
- Dispose of paper copies of confidential materials and materials containing data in shredding bins designated for confidential information, and not in non-secure recycling bins or trashcans.

Subcontractors

- External Entity will obtain a written confidentiality agreement from each subcontractor before the subcontractor provides services. In addition, subcontractors that require access to MCCCCD's Environments are required to sign a services provider agreement and a network access agreement. Included in the services provider agreement are the External Entity standards, which require the subcontractor to implement physical, technical and administrative safeguards consistent with External Entity's obligations under MCCCCD's order and this document.
- External Entity is responsible for assuring that its subcontractors access, use, and protect the security of the Environments in a manner consistent with the terms of MCCCCD's order and this document.

Employee Training

- All External Entity employees are required to complete information protection awareness training upon hiring and at least every two years thereafter. The course instructs employees on their obligations under the various central External Entity privacy and security policies. The course also trains employees on data privacy principles as well as data handling practices that may apply to their jobs at External Entity and are required by company policy, including those related to notice, consent, use, access, integrity, sharing, retention, security and disposal of data.
- External Entity performs periodic compliance reviews to determine if employees have completed the online data privacy awareness-training course. If External Entity determines that an employee has not completed this training, the employee will be promptly notified and instructed to complete such training as soon as practicable, and may be subject to disciplinary action.
- External Entity promotes awareness of, and educates employees about, issues relating to security. External Entity prepares and distributes to its employees notices and other written material on security.

Section Eight: SPECIAL TERMS AND CONDITIONS

Rev 032218

Enforcement

- External Entity must conduct security reviews, assessments, and audits periodically to confirm compliance with External Entity information security policies, procedures and practices. Employees who fail to comply with information security policies, procedures and practices may be subject to disciplinary action, up to and including termination.
- MCCCCD will be entitled to audit External Entity's Security Policies every year, once per year.

VII. Additional External Entity Practices

Computer Virus Controls: External Entity must maintain the following computer virus controls for computers issued to External Entity employees:

- External Entity maintains a mechanism within the External Entity network that scans all email sent both to and from any External Entity recipient for malicious code and deletes email attachments that are infected with known malicious code prior to delivery.
- External Entity requires all External Entity employee laptops and other devices used to connect to the MCCCCD network to be loaded with virus protection software. External Entity maintains mechanisms to ensure that virus definitions are regularly updated on all devices, and that updated definitions are published and distributed to employee devices. From time to time, External Entity Global Information Security will conduct compliance reviews to ensure employees have the virus software installed and up-to-date virus definitions on all desktops and laptops.

SAMPLE CYBERSECURITY CONTRACT TERMS

The following list provides examples of topics for security and privacy contractual terms that MCCCCD External Entities may be asked to adopt; examples of sample verbiage are noted for some topics:

Background Check and other Personnel Policies

Contractor will maintain personnel policies that appropriately check the backgrounds of its employees who will be providing services to Customer in accordance with MCCCCD policy. Contractor will supply the appropriate MCCCCD representative with copies of those policies upon request.

Confidential Information

Sample Verbiage:

MCCCCD information that is required to be kept confidential will be kept so in perpetuity.

Section Eight: SPECIAL TERMS AND CONDITIONS

Rev 032218

becomes known to the receiving Party from a source other than the disclosing Party on a non-confidential basis, unless said source and the receiving party agree otherwise.

Contractor agrees that Confidential Information provided to it during the provision of service, or to which it may potentially have access, during the provision of service, shall be used only and exclusively to support the service and service execution and not for any other purpose. Such use shall not include examining data for targeted marketing either within the confines of the service or external to the service (e.g., keyword indexing).

The receiving Party will limit access to Confidential Information to its employees who need to know the Confidential Information in order to carry out the activities under the Master Agreement and will instruct those employees to keep the information confidential. It is understood, however, that Contractor may disclose the Customer Confidential Information (including Customer Data) on a need to know basis to its agent(s) who are performing services, provided those agent(s) have executed confidentiality agreements and have agreed to materially the same or greater security and privacy obligations as Contractor provides with respect to Customer Data hereunder, and further provided that Contractor shall remain liable for any unauthorized disclosure of the Customer Confidential Information (including Customer Data) by those agent(s).

If a Contractor's staff person or Contractor's agent(s) potentially will have access to MCCCC's network, facilities, data, and/or Confidential Information, they may not perform any work involving such access until they have received MCCCC's privacy and security training, and/or accepted and agreed to adhere to MCCCC's privacy and security policies and procedures.³ If exigent circumstances are presented, all or part of this requirement may be waived in writing by MCCCC's Chief Privacy Officer or General Counsel.

Contractor understands that it may have access to student educational records, under this Amendment. In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), Contractor shall safeguard those records from improper disclosure and limit access to those records to only its employees and/or agent(s) whose access to them is essential to the performance of this Agreement. At all times during this Agreement, Contractor will maintain appropriate administrative, technical and physical safeguards to protect the security and privacy of the Confidential Information in use, in motion and at rest. These safeguards include, but are not limited to, implementation of adequate privacy and security policies and data breach response plans that comply with industry standards and the requirements of applicable laws and the regulatory agencies responsible for enforcing them, as long as they:

- I. Meet or exceed MCCCC's information security and privacy policies and procedures as described herein,
- II. Do not conflict with MCCCC incident response requirements and, to the extent that they do, Contractor agrees to match and comply with MCCCC's requirements, and
- III. Retain the level of protection provided for MCCCC's Confidential Information at a level that is materially the same or greater than the level of protection provided at the outset of the Term of this Agreement.

Contractor agrees to mitigate, to the extent practicable, any harmful effect that is known to Contractor of a use or disclosure of Confidential Information in violation of this Amendment by Contractor's employee(s) and/or its agent(s).

For purposes of this Amendment, "security incident" means the unauthorized access and/or misappropriation of Confidential Information. If as a result of the Contractor's systems, actions, and/or omissions, a suspected or actual breach involving Confidential Information occurs and applicable law requires notification to individuals or others of such a security incident or such incident places individuals at an actual risk of harm, Contractor will (i) be completely accountable and responsible, financially and otherwise, at no cost to MCCCC, (ii) provide assistance with the drafting and mailing of such notifications, (iii) retain a mutually agreed upon entity to provide notification and call centering services, and (iv) offer to provide two (2) years of industry standard credit monitoring, identity theft restoration services and identity theft insurance to each affected individual at no cost to Customer or such affected individual. The requirement to offer such monitoring and insurance will only exist for individuals in those jurisdictions where such products are available.

MCCCC agrees that it will not provide Contractor with any data that contains payment card information.

If as a result of the Contractor's systems, actions, and/or omissions, a suspected or actual breach involving Confidential Information occurs, Contractor will obtain a mutually agreed upon entity to provide at no cost to MCCCC forensic services, including, but not limited to, the collection of information in connection with a forensic and risk analysis. Contractor shall indemnify, defend and hold MCCCC, its agents, officers, officials, employees and volunteers harmless from and against all claims, damages, losses, and expenses (including, but not limited to, attorney fees and court costs) of any kind relating to the disclosure of MCCCC Confidential Information caused by the negligent or intentional acts or omissions of the Contractor, its employees, and/or any tier of Contractor's agent(s) in the performance of the Agreement, as judicially determined by a court of competent jurisdiction. Contractor will indemnify, defend and hold MCCCC harmless from claims of any kind relating to the disclosure of MCCCC Confidential Information caused by a possible or actual security infiltration or exfiltration involving technology of the Contractor, its employees, and/or any tier of Contractor's agent(s), as judicially determined by a court of competent jurisdiction.

To the extent that Contractor transmits or processes MCCCC Confidential Information outside of the United States, it agrees to comply with the data security and privacy laws of each country through which such information is transmitted or processed, as well as the data security and privacy laws of the jurisdictions of residence for the individuals whose data is used by Contractor.

During the Term of the Master Agreement, Contractor will be required to promptly update and resubmit complete the Higher Education Cloud Vendor Assessment Tool (HECVAT) security assessment, if it makes any revisions to its practices and policies that materially change its responses to that attachment. A copy of the version which Contractor last submitted on _____, 20__ is attached hereto as Attachment ____.

If Contractor, its employees, and/or any tier of Contractor's agent(s) in the performance of this Contract hosts or maintains MCCCC Confidential Information on its technology, Contractor warrants and confirms that the hosting or maintenance of that information meets applicable legal and industry security standards, including qualifying for "safe harbor" rules under applicable data breach laws.

If this Agreement involves the use by MCCCC of a site hosted or maintained by Contractor or should this Agreement involve the access by Contractor to MCCCC's site(s), Contractor shall use all reasonable endeavors to ensure no viruses or malicious code such as malware, spyware, key logger, bots (as the expressions are generally understood in the computing industry) are introduced, and that there is no corruption or modification or compromise of MCCCC systems or Confidential Information. Contractor agrees that it will not take any actions that will result in denial of service, interruption of service, outages, reduction or compromise in quality and efficiency of service, leakage or stealing of Confidential Information, interference with mandated lawful interception policy, methodology and provisions, enhanced risks of attacks, overbilling, frauds or any other compromise of the security of any and all data transmitted through the relevant systems and sites.

Termination for Breach

GENERAL TERMS AND CONDITIONS

****Any deviations to the General Terms and Conditions will NOT be considered in this proposal****

These General Terms and Conditions, the other provisions of the RFP and amendments to it, the Proposer proposal, and MCCCCD's purchase order terms ("Contract Documents") along with any engagement letter will constitute the provisions of the contract between MCCCCD and successful Proposer ("Contract"). MCCCCD reserves the right to negotiate with the successful Proposer and modify any of the provisions of the Contract upon mutual written agreement of the parties. The RFP, amendments to it, and MCCCCD's purchase order terms will take precedence over any inconsistent terms in a proposal or other documents. The term "days" as used in this Contract means business days, unless otherwise specified.

9.1 PARTIES TO AGREEMENT

The Contract shall be between the MCCCCD and the successful Proposer ("Contractor").

9.2 LIABILITY FOR TAXES

The Contractor is responsible for paying all taxes applicable to its operations, business property and income. MCCCCD shall not be liable for any tax imposed either directly or indirectly upon the Contractor, except that MCCCCD will pay as part of the Contract price any transaction privilege or use tax assessed on Contractor's provision of the services or materials under the Contract.

9.3 FORCE MAJEURE

If the performance of a party under this Contract is interrupted or suspended due to riots, war, public emergencies or calamities, fires, earthquakes, Acts of God, government restrictions, labor disturbances or strikes, or other condition beyond any control of that party ("Force Majeure"), performance by that party will be suspended for the reasonable duration of the Force Majeure. The party claiming that its performance is interrupted or prevented must promptly deliver notice to the other party identifying the Force Majeure and use its best efforts to perform to the extent that it is able. If the Force Majeure does not abate within a reasonable amount of time, then either party may terminate this Contract by providing written notice to the other party. Alternatively, the parties may agree to extend the term of the Contract for a period of time equal to the time equal to the Force Majeure.

9.4 CONTRACT ASSIGNMENT

Contractor may not, in part or in whole, subcontract (except as otherwise specified in Contractor's proposal to the RFP), delegate or assign this Contract without the prior written permission of a representative of MCCCCD authorized to sign contracts.

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

9.5 NO WAIVER

MCCCD's failure to notify the Contractor or to object to the Contractor's non-compliance with the terms of the Contract shall not be deemed a waiver of MCCCD's right to demand compliance with the Contract or to terminate the Contract for breach for the Contractor's subsequent non-compliance with any term of the Contract, or its repeated failure to perform according to the Contract.

9.6 FINANCIAL TRANSACTIONS

If the Contractor is responsible for handling any type of financial transaction for MCCCD, the Contractor shall demonstrate annually, as applicable, that it complies with the Statement on Standards for Attestation Engagements (SSAE) No. 16, known as SSAE 16, established by the Auditing Standards Board (ASB) of the American Institute of Certified Public Accountants (AICPA). The Contractor shall provide its annual report, as applicable, on a reporting form or forms adopted as part of SSAE No. 16 no later than 30 days after MCCCD requests it in writing.

9.7 CONTRACT EXTENSION

Should the RFP provide options for extending the Contract beyond its initial term, MCCCD reserves the right to exercise those options without prior written notice and by the issuance of a purchase order or Procurement card to the Contractor. If the Contractor does not wish to renew the Contract, it must submit a written notice of its desire to cancel, which must be received by MCCCD's Purchasing Department no later than ninety (90) days prior to the end of the current term.

Notwithstanding that the Contractor has sent a notice of intent not to renew, MCCCD reserves the right to unilaterally extend the Contract for a period of sixty (60) days beyond the final option term of the contract should it be determined it is in the best interests of MCCCD to do so.

9.8 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

If Contractor has access to students' educational records, Contractor shall safeguard those records and limit its employees' and/or agents' access to the records to those persons for whom access is essential to the performance of this Contract. Contractor is prohibited from disclosing those records without the prior written authorization of the student and/or the parent of a student who is a minor permitting MCCCD and Contractor to release the information according to the authorization. At all times during this Contract, Contractor shall comply with the terms of the Family Educational Rights and Privacy Act of 1974 ("FERPA") in all respects and shall be responsible for ensuring that any subcontractors involved in the Contract work also comply.

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

1. MCCCCD acknowledges that certain information about MCCCCD's students is contained in records it maintains and that this information can be confidential by reason of the Family and Educational Rights and Privacy Act of 1974 (20 USC 1232g) and related Institution policies unless valid consent is obtained from MCCCCD's students or their legal guardians, where applicable. Both parties agree to protect these records in accordance with FERPA and Institution policy. To the extent permitted by law, nothing contained herein shall be construed as precluding either party from releasing such information to the other so that each can perform its respective responsibilities. The MCCCCD shall advise Contractor whenever any MCCCCD's students have requested a privacy block, prohibiting release of FERPA protected information.
2. Contractor agrees that it may create, receive from or on behalf of MCCCCD, or have access to, records or record systems that are subject to the Family Educational Rights and Privacy Act ("FERPA"), 20 USC 1232g (collectively, the "FERPA Records"). Contractor represents, warrants, and agrees that it will:
 - a. hold the FERPA Records in strict confidence and will not use or disclose the FERPA Records except as
 - i. permitted or required by this Agreement,
 - ii. required by law, or
 - iii. otherwise authorized by Institution in writing;
 - b. safeguard the FERPA Records according to commercially reasonable administrative, physical and technical standards that are no less rigorous than the standards by which Contractor protects its own confidential information; and
 - c. continually monitor its operations and take any action necessary to assure that the FERPA Records are safeguarded in accordance with the terms of this Agreement.
3. At the request of MCCCCD, Contractor agrees to provide MCCCCD with a written summary of the procedures Contractor uses to safeguard the FERPA Records.
4. For purposes of this Agreement, both Parties shall designate each other as a school official with a legitimate educational interest in the educational records of participating students to the extent that access to School's records is required to carry out the terms of this Agreement.

9.9 INDEMNIFICATION

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless MCCCCD, its agents, officers, officials, employees, and volunteers from and against all claims, damages, losses, and expenses (including but not limited to attorney fees and court costs) arising from breach of a material term of this Contract, or from the negligent or intentional acts or omissions of the Contractor, its agents, employees, or any tier of Contractor's subcontractors in the performance of the Contract. The amount and type of insurance coverage requirements set forth above will in no way be construed as limiting the scope of indemnification in this paragraph.

9.10 PERMITS

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

The Contractor shall be responsible for filing for, obtaining and paying for all required permits, licenses, and bonding to comply with pertinent municipal, county, State and Federal laws.

9.11 PROVISION OF SUPPLIES, MATERIALS AND LABOR

The Contractor shall furnish all supplies, equipment, and all management and labor necessary for the efficient and sound provision of the services or materials it supplies under this Contract, or in subsequent extensions or amendments.

9.12 CONFLICT OF INTEREST

Notice is given of Arizona Revised Statutes §38-511 under which MCCCCD may cancel a contract without recourse for any conflict of interest described in that law.

See: <http://www.azleg.gov/FormatDocument.asp?inDoc=/ars/38/00511.htm&Title=38&DocType=ARS>

9.13 SAFEKEEPING OF RECORDS

Contractor shall keep in a safe place all financial and performance records and statements pertaining to this Contract for a period of three (3) years from the close of each term of the Contract.

9.14 AUDITS

Contractor shall make available during normal business hours and with advance notice from MCCCCD all records pertaining to the Contract for purposes of audit by MCCCCD staff or other public agencies having jurisdiction over or audit rights involving the expenditure of MCCCCD funds.

9.15 UNAUTHORIZED COSTS OR COSTS OUTSIDE SCOPE OF AGREEMENT; TRAVEL

Costs or expenses of the Contractor relating to its performance of this Contract that are not included in the Contract price or are not authorized by the Contract are the sole responsibility of the Contractor and not of or reimbursable by MCCCCD. If the Contract specifies that MCCCCD will reimburse the Contractor a specific cost, Contractor may not charge MCCCCD that cost without MCCCCD approving a prior estimate of it. Additionally, MCCCCD reimburses travel and related expenses only at the rate that it reimburses its employees.

9.16 NON-DISCRIMINATION

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

Contractor will comply with all applicable state and federal law, rules, regulations and executive orders governing equal employment opportunity, immigration, and nondiscrimination, including the Americans With Disabilities Act. If applicable, the parties will abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, age, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national original, protected veteran status or disability. MCCCCD also prohibits discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), disability, veteran status or genetic information.

1. Contractor agrees to abide by the provisions of Title VI and VII of the Civil Rights Act of 1964 (42 USC 2000e) which prohibits discrimination against any employee or applicant for employment or any applicant or recipient of services, on the basis of race, color, and national origin (Title VI) and race, religion, color, or national origin, and gender (Title VII); and further agrees to abide by Executive Order No. 11246, as amended; 45 CFR 90 which prohibits discrimination on the basis of age; and Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990 which prohibits discrimination on the basis of disabilities.
2. Contractor agrees that while interacting with Maricopa County Community College District employees and students, it will comply with Title IX of the Education Amendments of 1972 (20 USC 1681), which prohibits discrimination on the basis of sex in any federally funded education program or activity. Contractor must include this provision in every subcontract or purchase order relating to purchases by MCCCCD to insure that the subcontractors and vendors are bound by this provision.
3. Contractor additionally agrees that it will cooperate with any investigation by MCCCCD of a claimed violation of the above, to abide by any interim measures imposed during the course of an investigation and/or final measures imposed as a result of an investigation, and that its contract may be terminated without further recourse in the event of a finding of a violation by Contractor or its employees, subcontractors and related parties.

9.17 COMPLIANCE WITH IMMIGRATION LAWS; LEGAL WORKER'S ACT

The Contractor shall at all times comply with the Federal Immigration Reform and Control Act of 1986 (and by any subsequent amendments) and shall indemnify, hold harmless, and defend MCCCCD from any and all costs or expenses whatsoever arising out of Contractor's noncompliance. To the extent applicable to this Contract under Arizona Revised Statutes § 41-4401, Contractor warrants on behalf of itself and its subcontractors that it verifies the employment eligibility through the e-verify program of any employee it hires and complies with federal immigration laws and regulations relating to their employees. The Contractor shall at all times comply with the Federal Immigration Reform and Control Act of 1986 (and by any subsequent amendments to it) and shall indemnify, hold harmless, and defend MCCCCD from any and all costs or expenses whatsoever arising out of Contractor's compliance or noncompliance with that law. Additionally, Contractor agrees to abide by all applicable laws that apply to it and this Contract, including executive orders of the Governor of the State of Arizona.

9.18 CONTRACT TERMINATION

MCCCD may terminate this Contract for convenience by giving Contractor 15 days' written notice of termination. MCCCD may terminate this Contract for the failure of the Contractor to perform according to the Contract by giving the Contractor 10 days' written notice of the failure to comply. MCCCD may terminate this Contract immediately if the Contractor files for bankruptcy or receivership, or takes any actions relating to insolvency, such as an assignment for the benefit of creditors.

9.19 BREACH CURE; REPLACEMENT

The Contractor shall perform all requirements of the Contract in a manner consistent with the highest industry or professional standards. If MCCCD provides the Contractor with a 10-day written notice, Contractor must take immediate action to correct the deficiency identified in the notice. Contractor's failure to cure the deficiency within 10 days of receipt of the written notice will result in termination of the Contract. If, in MCCCD's sole discretion, the Contractor diligently pursues correction of the default and correction cannot be completed in 10 days, MCCCD may extend the time for curing the default by providing the Contractor with written notice of the extension before the end of the 10-day period. MCCCD is entitled to exercise all of its remedies under applicable law and in equity relating to Contractor's breach.

9.20 INTERPRETATION

The parties intend this Contract to express their complete and final agreement.

9.21 RISK

The Contractor assumes all risks due to any unfavorable conditions within its indirect or direct control except Force Majeure. Additionally, the Contractor assumes all risk for difficulties in the nature of the project or the work that the Contractor knew or should have known before entering submitting its proposal on which this Contract is based, under a scope of work issued under this Contract, or, if applicable, at the time of individual purchases under this Contract..

9.22 WORK TO BE PERFORMED BY OTHERS

MCCCD reserves the right to perform any and all services in-house or to utilize the services of other firms on unrelated projects.

9.23 PURCHASES OF OTHER PUBLIC ENTITIES

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

MCCCD has entered into Cooperative Purchasing Agreements with Arizona State University, Maricopa County, and other public entities. MCCCD is also an active member of the Strategic Alliance for Volume Expenditures (SAVE) Cooperative agreement. Under these Cooperative Purchasing Agreements and with the concurrence of the Contractor, other public entities that are members of these associations or any entity within MCCCD may purchase services or materials, as applicable, off of this Contract unless Contractor explicitly specified in its proposal that it did not want to make the Contract available other than to MCCCD. This provision applies only to contracts that are for the provision of services or supplies on an “as-needed” basis throughout the contract term, and not to contracts for specific projects or one-time purchase where the contract expires on the completion of the project or the purchase.

9.24 PAYMENT

MCCCD will pay for services or materials under the Contract after the Contractor has supplied them and only after the Contractor submits a detailed invoice referencing a purchase order or Procurement card, itemizing the services/deliverables or materials provided and specifying the dates that they were provided. MCCCD may request supporting documentation for an invoice. Where the Contractor is to provide services or materials over a period of time, such as for a project, MCCCD may agree to pay progress payments. If approved, progress payments will be paid in arrears and require that the Contractor submit the detailed invoice specified in this clause. MCCCD reserves the right to dispute an invoice or make partial payment based on the Contractor’s failure to perform the Contractor’s work according to the Contract, including for lack of timeliness or failure to provide deliverables. CONTRACTOR MAY NOT BEGIN WORK UNDER THE CONTRACT NOR WILL ANY PAYMENT BE MADE WITHOUT THE CONTRACTOR RECEIVING A SIGNED PURCHASE ORDER OR PROCUREMENT CARD FROM THE MCCCD PURCHASING DEPARTMENT.

9.25 BILLING

If MCCCD permits the Contractor to receive progress payments, Contractor may only invoice in increments of 30 days or more. The monthly billings should be submitted to the “BILL TO” address or “E MAIL” address shown on the purchase order.

9.26 ADVERTISING AND PROMOTION

The name or logos of the MCCCD or those of any of the colleges, skill centers, or programs under MCCCD’s jurisdiction shall not be used by Contractor except as may be required to perform this Contract and only as approved under MCCCD’s “Use of MCCCD Marks” regulation at:

http://www.maricopa.edu/publicstewardship/governance/adminregs/auxiliary/4_19.php

9.27 UNAVAILABILITY OF FUNDS

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

MCCCD may terminate this Agreement, without penalty, if its Governing Board fails to appropriate funds in subsequent fiscal years to support the specific program that is the subject of this Contract. MCCCD shall give Contractor prompt written notice after it knows that funding will not be available.

9.28 NO WAIVER OF SOVEREIGN IMMUNITY

Nothing in this Agreement shall be interpreted or construed to waive MCCCD's sovereign immunity under the laws of the State of Arizona.

9.29 APPLICABLE LAW

The laws of the State of Arizona apply to every aspect of this Contract.

9.30 PROPERTY RIGHTS

Except for pre-existing works of the Contractor or works of third parties for which Contractor has the permission to supply to MCCCD under this Contract, MCCCD shall, at all times, retain ownership in and the rights to any creative works, research data, reports, designs, recordings, graphical representations, or works of similar nature ("Works") to be developed and delivered under this Contract. Contractor agrees that the Works are "works for hire" and assigns all of the Contractor's right, title, and interest to MCCCD.

9.31 DOCUMENTATION OF ANALYSES TO SUPPORT FINDINGS, CONCLUSIONS AND RECOMMENDATIONS

To the extent that the work under the Contract requires the Contractor to make findings, conclusions or recommendations to MCCCD, the Contractor shall retain during performance and provide to MCCCD detailed analyses relating to each of its findings, conclusions or recommendations, whether or not the analyses support or are inconsistent with the findings, conclusions or recommendations,. Unless specified in the subsequent Parts of this RFP, Contractor shall provide that documentation separately but at the same time that it presents its findings, conclusions and recommendations. MCCCD reserves the right to withhold or deduct payments otherwise due to Contractor if it fails to provide the detailed analyses. In some instances, Contractor may be directed to prepare its findings, conclusions and recommendations under the direction of the Office of the General Counsel. In those instances, Contractor will submit its findings, conclusions and recommendations in a manner that maximizes the extent to which attorney-client privilege and work product protections apply to such deliverables.

9.32 NOTICES

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

Notices to MCCCCD under this Contract shall be made in writing, and sent via certified mail, return receipt requested, or any other commercially reasonable method by which MCCCCD is required by the deliverer to acknowledge receipt to: Purchasing Manager, Maricopa Community Colleges, 2411 West 14th Street, Tempe, Arizona 85281-6942.

9.33 REVISIONS TO THE CONTRACT WORK OR PRICE

Contractor is on notice that the only MCCCCD representatives who may authorize revisions to the Contract are employees at MCCCCD's District Office who are authorized to sign contracts. Revisions include deletions of or additions to the work, alterations of performance time, or changes in pricing. Any revision must be reflected in a written amendment to the Contract that is signed by a representative of MCCCCD authorized to sign contracts. The person requesting a revision in the Contract, whether it is the Contractor or an MCCCCD employee, must provide the authorized MCCCCD representative with documentation to support the requested change. It is the Contractor's responsibility to ensure that revisions of the Contract have been appropriately authorized before proceeding with the revised work.

For contracts renewing annually, excluding those for which Proposers are required to provide future year pricing in their Proposals, MCCCCD may review a fully documented request for a price increase only after the Contract has been in effect for one (1) full year. Unless the Contractor's scope of work has increased at MCCCCD's authorization, a price increase adjustment will only be considered at the time of a Contract extension and shall be a factor in the extension review process. The requested increase must be based upon a cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the price of the particular product or service. MCCCCD will determine whether the requested price increase or an alternate option is in its best interest.

9.34 GIFTS, GRATUITIES, UNRELATED COMPENSATION AND CONFLICTS OF INTEREST

In the interest of public stewardship, MCCCCD holds its employees, officers, and vendors to high ethical standards. Arizona state law prohibits an MCCCCD employee or officer from participating in any way in any MCCCCD decision, contract, sale or purchase if he or she has received something of value from an outside party whose interests are involved in that MCCCCD decision, contract, sale or purchase. Additionally, Arizona state law precludes any MCCCCD employee or officer from obtaining compensation of any kind for performing his or her responsibilities other than the compensation provided by MCCCCD. MCCCCD also has adopted a regulation that prohibits any employee from accepting any cash, currency, item with a value of more than \$50 (from a single source in a fiscal year), meal, beverage or cost of entertainment if it could be interpreted as an enticement to receive MCCCCD business (whether or not paid for by a vendor or by a vendor's personal funds) or if there is an expectation of future financial benefit to the vendor. In keeping with these policies, Contractor certifies that neither it nor, if applicable, its subcontractors, suppliers, or distributors, has offered anything of value, and will not offer

Section Nine: GENERAL TERMS AND CONDITIONS

Rev 032218

anything of value so long as it does business with MCCCCD, to an MCCCCD employee or officer responsible for MCCCCD decisions, contracts, sales or purchases that may benefit Contractor or its subcontractors, suppliers or distributors.

9.35 DISABILITY GUIDELINES

If applicable to the work of the Contractor under this Contract, Contractor warrants that it complies with Arizona and federal disabilities laws and regulations.
