## **Part 1: GENERAL OVERVIEW**

*Part 1 of this document is intended as an explanatory overview only and does not include comprehensive specifications. Additional details and specifications are provided in the sections that follow.*

### **1.1 Description of Cooperative**

Educational & Institutional Cooperative Services, Inc. (E&I) is a member owned New York not-for-profit corporation established in 1934 and is governed by a Board of Directors. The Board of Directors is a group of professionals who are elected by the E&I Membership. The Board provides oversight to ensure the Members' needs are addressed and met. Our Membership is comprised of public and private universities and colleges, community colleges, other affiliated members, K-12, and teaching healthcare facilities throughout the United States.

The power of cooperative purchasing enables E&I to issue competitive solicitations and negotiate contracts for its Members on a wide variety of products and services. E&I currently maintains a large and robust portfolio in the areas of scientific equipment and supplies, furniture, interior furnishings, computer and software, electronics, multimedia, maintenance, food service, office equipment and supplies, transportation and delivery services.

### **1.2 Purpose and Intent of the Request for Proposal (RFP)**

The purpose of this RFP is to establish a cost effective Master Agreement (“Agreement”) which complies with our Member procurement requirements and will provide E&I Members a procurement vehicle to acquire the products and/or services outlined in the Scope of Services in Part 2.

E&I is committed to utilizing purchasing and business practices in accordance with the National Association of Educational Procurement Code of Ethics. The primary goals and objectives of E&I are to: (1) assist our Members to obtain the absolute lowest cost and best value that exceeds other public sector consortia agreements, (2) establish a strategic sourcing partnership with any selected manufacturer(s) and authorized dealers, and (3) enhance our position as the premier Cooperative Purchasing Service for Education.

### **1.3 Market Opportunity**

By satisfying the above Member needs, the Cooperative anticipates significant Member purchases to be recorded against the resulting Agreement(s). The Cooperative currently has approximately 4,100 Members, comprised of roughly 50% public and 50% private. K-12 school districts, academic healthcare and research institutions have become eligible for membership in E&I. The Cooperative's expectations are a substantial opportunity for growth (in terms of Member purchases) with competitively awarded Agreement(s) in these markets. There is also interest in utilizing the potential contract by the Participating Oregon Community Colleges (POCC).

### **1.4 Member Participation**

Once the awarded Supplier has been established and the Agreement finalized, individual E&I Members (in some situations Member departments) will review the awarded Supplier's program and determine their individual participation. The awarded Supplier's program includes the Agreement along with additional supporting materials (if any) developed by the awarded Supplier.

Some Members may have existing agreements now in place. Those Members that do, will consider this program as their existing agreements expire or, if available, may choose to opt out of existing agreements. For large dollar orders, Members retain the right to do individual Member competitive solicitations.

The awarded Supplier shall be provided an electronic file listing of E&I Members. Updated versions will be sent as needed. E&I will post the awarded Supplier's program, in the form of an E&I Agreement, on the E&I internal web site. The E&I web site is password protected and only available to the Members.
