

LAMINATE & FILM PRICING
RFP # 23-12P Safety/Security Film Applications

INSTRUCTIONS: Provide not-to-exceed pricing for laminate/film products as specified below. Add additional products or required items as applicable in the blank lines under "Products" for each type of laminate/film. List pertinent comments in the "Notes" column, including minimums if applicable. Only add pricing for categories and line items you offer. If you do not offer a certain line item/service, enter No-Bid or leave blank. Actual rates given to the Member may be less depending on the various factors surrounding the project, but they may not be more.

This is considered a fixed price schedule for all items bid under the contract. Fixed prices shall be firm until each anniversary date of the contract. In the event of an occurrence of one or more allowable economic price adjustment contingencies, Contractor may submit a fully documented request for a fixed price list adjustment to 1GPA. Documentation may include a letter from the manufacturer clearly stating the amount of increase and product lines affected. Contractor shall also submit supporting documentation that demonstrates that any requested price increase was unpredictable at the time of price list submittal and results from an increased cost to Contractor that was out of their control. Revised price adjustments for fixed pricing will not become effective until approved by 1GPA.

Company Name:

Safe Haven Defense LLC

A. FORCED ENTRY RESISTANCE

Full Description of Forced Entry Resistance Laminate/Film:	Safe Haven Defense SW440RC-Riot Control Laminate Film offers protection for glass breakage due to forced entry during burglaries, hurricanes, and blasts. Product stands up to trauma tools such as rocks, bats, metal bars and hammers.		
Specifications	Description	Notes	
Thickness (1 Layer)	30 MIL		
Number of Piles	4		
Break Strength	900 PSI		
Tensile Strength	32,500 PSI		
Peel Strength	6 PSI		
Infra-Red Rejection	59%		
UV Rejection	99%		
Products	Price Per UOM	UOM (SQFT, LFT, ETC.)	Notes
Laminate/Film	\$64.01	Squre Foot	
Anchoring	\$4.73	Square Foot	

B. BULLET RESISTANT

Full Description of Bullet Resistant Laminate/Film:	Safe Haven Defense SW440BR-Bullet Resistance Laminate Film offers protection for small arms (handguns) bullet resistance as well as glass breakage due to forced entry during burglaries, hurricanes, and blasts. This laminate can be applied to exist glass as thin as 1/4", dual pane 1/4", or to 1/2" glass.		
Specifications	Description	Notes	
Thickness (1 Layer)	42-72		
Number of Piles	Varies-dependng on glass system		
Break Strength	1200 PSI		
Tensile Strength	32,5000 PSI		
Peel Strength	6 PSI		
Infra-Red Rejection	59%		
UV Rejection	99%		
Products	Price Per UOM	UOM (SQFT, LFT, ETC.)	Notes
Laminate/Film	\$205.77	Square Foot	
Anchoring	\$4.73	Square Foot	

C-1. OTHER FILM APPLICATIONS

Full Description of Other Laminate/Film:	Safe Haven Defense SW450-Smash Resistant Laminate Film offers protection for glass breakage due to forced entry during burglaries, hurricanes, and blasts. When time is of the essence, this applications delays immediate entry allowing for individuals the time to summon assistance or safely move to other secure areas.		
Specifications	Description	Notes	
Thickness (1 Layer)	15 MIL		
Number of Piles	2		
Break Strength	450 PSI		
Tensile Strength	32,500 PSI		
Peel Strength	6 PSI		
Infra-Red Rejection	59%		
UV Rejection	99%		
Products	Price Per UOM	UOM (SQFT, LFT, ETC.)	Notes
Laminate/Film	\$35.00	Square Foot	
Anchoring	\$4.73	Square Foot	

C-2. OTHER FILM APPLICATIONS

Full Description of Other Laminate/Film:	Tinting or Frosting of Existing Glass		
Specifications	Description		Notes
Thickness (1 Layer)	As per individual manufacturer Specifications		Tinting or frosting of existing glass in which the customer does not request safety/security film to be applied will be at a separate cost
Number of Piles			
Break Strength			
Tensile Strength			
Peel Strength			
Infra-Red Rejection			
UV Rejection			
Products	Price Per UOM	UOM (SQFT, LFT, ETC.)	Notes
Laminate/Film	\$12.00	Square foot	
Anchoring			

C-3. OTHER FILM APPLICATIONS

Full Description of Other Laminate/Film:	Kevlar paneling		
Specifications	Description		Notes
Thickness (1 Layer)	Kevlar paneling for securing bullet resistant lockdown rooms/areas		Kevlar paneling may be ordered in 8' by 4'; 4' by 5'; or 4' by 4' panels
Number of Piles			
Break Strength			
Tensile Strength			
Peel Strength			
Infra-Red Rejection			
UV Rejection			
Products	Price Per UOM	UOM (SQFT, LFT, ETC.)	Notes
Laminate/Film	\$125.00	Square foot	
Anchoring
