

**DETERMINATION: MULTIPLE AWARD
Asphalt Products and Services
Invitation For Bid # 22-15P**

In accordance with the requirements of A.A.C. R7-2-1031, a multiple award is necessary, advantageous, and is in the best interest of the 1GPA Members.

The basis for determining whether to award a multiple contract, as stated in the IFB, is based upon consideration for Members' experience with existing products and systems, continuity for parts replacement and future expansion, contractor's ability to provide for a large diverse Membership and geographic areas served. The awards will be limited to the least number of Offerors that 1GPA determines is necessary to meet the needs of its members. The actual use of the contract will be at the sole discretion of the Members.

Recommended for Award (alpha order):

Cactus Asphalt	<ul style="list-style-type: none"> • Fifth lowest bidder overall • Serves all regions of Arizona • Offers Cool Seal product line • The firm has no active exclusions or restrictions through the System for Award Management
Copper State Pavement, Inc.	<ul style="list-style-type: none"> • Lowest bidder overall • Serves all regions of Arizona • The firm has no active exclusions or restrictions through the System for Award Management
Roadrunner Paving & Asphalt Maintenance LLC	<ul style="list-style-type: none"> • Second lowest bidder overall • Serves all regions of Arizona • The firm has no active exclusions or restrictions through the System for Award Management
Sunland Asphalt & Construction LLC	<ul style="list-style-type: none"> • Third lowest bidder overall • Serves Members on a national basis • Carries a wide variety of manufacturers in each category • Offers a broad range of asphalt related services • The firm has no active exclusions or restrictions through the System for Award Management
Weems Asphalt LLC	<ul style="list-style-type: none"> • Fourth lowest bidder overall • Serves all regions of Arizona • The firm has no active exclusions or restrictions through the System for Award Management

1GPA currently has over 300 members within the 113,998 square miles of the State of Arizona alone. The current market conditions have also led to an unstable supply chain and labor source. Our school district members are often planning projects during the times school is out of session. A multiple award is necessary to support the project and schedule needs of 1GPA Members. No one vendor can meet all the needs of 1GPA Members for asphalt products and services.

1GPA recommends Members prepare a Written Determination that specifies the reasons the vendor was chosen to satisfy the requirements of Arizona rule R7-2-1004 Written Determinations: "Written determinations required by Articles 10 and 11, including for any specified professional services, construction, construction services or materials to an entity selected from a qualified select bidders list or through a school purchasing cooperative, shall specify the reasons for the determination, including how the determination was made."

Based upon these factors, the Lead Agency and 1GPA have determined the necessity of a multiple award for asphalt products and services. A single award is not advantageous to 1GPA's Members. The contract award recommendation is to the least number of suppliers necessary to meet the needs of 1GPA Members.

Not Recommended for Award:

- DCS Contracting, Inc.
