JET LIMOUSINES

MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT

RFP # 3422-6

Bus Transportation Services

USDOT Number 2410416

Letter of Interest

JET Limousines & Transportation is honored to provide this information for the Maricopa County Community College District. We are excited to help and be a part of one of the largest districts here in Arizona.

JET Limousines and Transportation was founded in 2012 by Mary Ann Cleary. With the fast growth of the company, her son, Billy, decided to join the company and partner to help assist with everyday operations. Today; JET is still a family owned mother and son company. Billy brought many years of motor coach experience to the company which allowed JET to provide a safe and professional service much needed in the valley. As a small business, we have about 90 employees and office staff that has decades of combined experience that has allowed us to become one of the top transportation companies in the valley.

JET Limousines & Transportation is centrally located just outside of the Phoenix Sky Harbor Airport. JET is proud to own the three-acre facility it sits on and offers 24-hour dispatch, reservations, support, detail staff, maintenance facility, body shop, and more.

One location within Maricopa County to another location within Maricopa County $ 85.00 /mile or hour or day (circle one)

Section Seven: PRICING SCHEDULE

Rev 090817

One location within Maricopa County to another location outside Maricopa County but within Arizona	$ 85.00 /mile or hour or day (circle one)
One location within Maricopa County to another location Outside Arizona	$ 850.00 /mile or hour or day (circle one)
List rate for additional hours (overtime) past the fixed pricing rate*: *Charge for additional hour past a standard 10 hour day.	$ 85.00 /per hour
Price per day for out of town multi-day trips	$ 850.00
Price per day for extra driver/other OTR costs if needed	$ 200.00
Price for 1 day trips that go overnight	$ 850.00

Costs/Fees listed above shall include all overhead and profit. No billing will be accepted that shows any other costs than those listed above. This includes, but is not limited to, travel, any out-of-pocket costs, meetings, secretarial, printing, delivery, rent, phone calls, postage, overnight mail service, accounting, fuel charges, office supplies, etc.

You may submit a more detailed pricing schedule in lieu of the above as an attachment to this page, but the next page must be completed, signed and included with your proposal.

The rate JET has listed for over the road are 12-hour days. Anything over the 12 hours will have an additional hourly rate up to 14 hours. DOT states that drivers can only be on duty up to 15 hours (includes pre and post trip plus travel time to the college) and drive 10 hours in a 24-hour period. JET requires 9 hours off the clock once a driver returns to his hotel room before he can pick up the next day.

JET Limousines will not subcontract bus services but only when requested and will abide to price, age and agree to the terms and conditions of this proposal.

3.1.4

JET Limousines understands that locations listed on the pricing schedule are not all inclusive but only represent locations traveled to historically, mostly by athletic teams.

Tab 4:

Respondent Questionnaire

JET LIMOUSINES

RESPONDENT QUESTIONNAIRE

5.1 Description Firm

5.1.1 Describe your firm in detail including "doing business as" (dba) or parent company relationships. Provide brochures or sales information about the company.

JET was founded in 2012 by Mary Ann Cleary. After two short years of immense growth; her son, Billy, joined the company and took over the CEO position. Billy brought many years of motor coach and transportation experience to the table. Arizona has always had a strong demand for chauffeured transportation. JET was formed with the experience, dedication, and goal of perfection and has grown to be a leader in the transportation industry. Unlike a typical bus company, JET uses the black car and limousine philosophy by providing top notch new vehicles, professionally attired chauffeurs, 24-hour support, and a personal interest in dedication in to providing the best service possible. JET currently operates over fifty vehicles in Phoenix with a satellite location in Sedona.

5.1.2 Give the name of the manager/supervisor who will be assigned to MCCCD on behalf of any resultant contract. Identify key contact personnel who may be involved with the contract. Provide resume or work history of each person.

Sonya Morales will be the contact person for this contract. Sonya has been in the motor coach transportation business since 2008. She is knowledgeable of the bus industry and has work in a variety of areas which includes dispatch, maintenance and management.

5.1.3 Provide 24/7 emergency contact names and phone numbers.

JET Limousines emergency number is 480-423-5466 which is answered 24/7. We have dispatcher around the clock to answer all phone calls.

5.2 Qualifications

5.2.1 Submit any information that documents successful and reliable experience and service.

JET prides itself on exemplary Chauffeurs and an impeccably maintained fleet. Over the past 7 years JET has not employed a sales staff until recently. All of our growth can be attributed to the professionalism our team provides as well as one of the newest and most diverse fleets in the State. Word of mouth as well as the gorgeous black fleet rolling down the road has brought numerous inquiries and opportunities to seal millions in contracts and agreements.

In today's age of digital life, the mass majority of our accolades are present on media such as Google and Facebook alike for testaments on our success reliability, experiences as well as our service.

We are also proud to hold the highest safety rating with the Federal Motor Carrier Administration and have been accident free since our inception.

5.2.2 Describe facilities and resources available to support vehicle operations. Explain maintenance schedules, age of equipment, etc.

Unlike most transportation companies, we have invested millions into our growth, future, and infrastructure. We recently purchased two commercial properties and are able to support our vehicles mostly on site 24 hours a day.

All vehicles are inspected daily by a certified mechanic and serviced based on strict schedules depending on the vehicle type and miles driven. (see vehicle maintenance). Full maintenance and safety files are kept on location which is required by law and available for inspection at any time. In additional to our annual inspection review, our operators are required on a daily basis, to record on the pre-trip inspection form, any maintenance issue that may arise with a vehicle.

We currently employ on site mechanics, full time body professional, a dedicated chauffeur/driver trainer, and several other important roles not commonly found in bus companies.

Our average year of our fleet is currently a 2018. Vehicles are typically rotated every 2-5 years.

5.2.3 Describe any special or technical equipment that is utilized.

JET recently retained Gridd Technologies to provide our customers with a mobile smart phone application to track, book, change, and cancel reservations. The driver application eliminates the need for a cell phone or two-way radio call while the operator is with the passenger. Once the operator updates the status on the application, an email could be automatically sent showing the passenger is on board or dropped.

Another feature we have activated is a text capability to our main phone number. Text messages sent to our main phone number will go to any logged in staff and replied to almost immediately.

We also utilize Teletrac Navman in all of our vehicles. This system provides several functions and safety features. The system tracks driving behavior such as hard braking or turning, engine diagnostics which prevent breakdowns, and camera monitoring systems.

5.2.4 List the average age of vehicles in your fleet (by passenger count)

All vehicle are 2016 and newer which includes the following.

81 Passenger Motor Coach
56 Passenger Motor Coach
48 Passenger Motor Coach
40 Passenger Mini Coach
27 Passenger Mini Coach
10-14 Passenger Vans

5.2.5 What is your standard procedure on handling a mechanical breakdown with a motor coach bus, small/mini bus, and van? How quickly can a replacement vehicle be dispatched?

If equipment fails during a scheduled trip, JET will provide a replacement vehicle within 1 hour in the Maricopa County area. With these situations, we feel that technology is an important factor that allows us to better serve you as our client and of course the passengers we transport. Our entire fleet is monitored and tracked by state-of-the-art GPS systems. The on-board GPS allows our office to monitor each vehicles location, speed, and driving habits including any potential hard braking or acceleration incidents. In addition, it helps us with our commitment to the environment in reducing idle times and our carbon footprint. Members of upper management also hold a CDL license which enables us to get a vehicle swapped out much faster than waiting on another driver to come in.

5.2.6 Detail the number of each vehicle by vehicle class (ex-motor coach, small/mini bus, van) that your company has available to charter.

1 - 81 Passenger Moto Coach

17 - 56 Passenger Motor Coaches

2 - 48 Passenger Motor Coaches – No Lavatory

4 - 40 Passenger Mini Coaches

4 - 27 Passenger Mini Coaches

6 - Sprinter Vans (12 Pax, 13 Pax, 14 Pax)

5.2.7 Describe the training a driver receives, if any. Include any background checks that are done on your drivers. Are drug screens utilized, if so how often are they done?

A. Driver Training –

The Motor Coach Operator is more typically the first impression a passenger is faced with. Our operators are all W2 employees which are hired and trained by our staff. Motor Coach Operators are required to have three years prior Motor coach experience, and to go through strict screening procedures prior to being hired such as a pre-employment drug screen, background check, FBI Fingerprinting, Federal DOT medical physical, and more. In addition, they are required to first pass a defensive driving program and test. Our Director of Operations then spends several days training the motor coach operators in the office, behind the wheel, in the airport, and at local popular destinations. Motor Coach Operators are then required to ride with a senior motor coach operator where they will perform under supervision until we feel they are ready to provide JET standards.

Our motor coach operators also train on an online system called PAX CERTIFIED TRAINING. The PAX Training System is the first fully interactive mixed content motor coach operator training & development system. The system is designed to teach everyone at their own pace, allowing them to decide where they need to spend more or less time training.

PAX training Certifications use video, audio, text and images to accommodate various adult learning styles. This ensures that operators understand, retain and apply their training.

This program helps in the following categories: Professionalism, Morale & Confidence, Ownership mentality, Customer satisfaction, Client retention, Profitability and efficiency.

All Jet motor coach operators and drivers are equipped with Cell phones for communication purposes. Federal Law and company policy prohibits drivers from using a mobile device while operating a vehicle. All operators are required to report any incidents that involve passengers, property and or services performed.

A. Ongoing proactive Functions

Motor coach operators have an ongoing training throughout the year. Our Operation Manager requires annual meetings to inform them of any updated DOT regulations and any updates with our PAX certification training program or changes in popular venues and locations.

B. Trainer Qualifications

The company is monitored and governed by several State and Federal agencies including the Phoenix Sky Harbor airport, the Arizona Department of Weights and Measures, and the Department of Transportation. Motor Coach Operators are required to go through strict screening procedures prior to being hired such as a pre-employment drug screen, background check, FBI Fingerprinting, Federal DOT medical physical and more. All motor coach operators have a Commercial Drivers Licenses (CDL) with a passenger endorsement that is required by the Department of Transportation. Operators must also pass a physical exam done by a certified medical facility.

C. Driver Evaluations

Driver evaluations are performed annually with our Director of Operations. A performance form is given and signed that will be added to their employee file for future reference. If a complaint is received (required in writing), regarding a safety issue or service issue, one of the following will occur; Driver to be called in for review, may result in verbal, written, suspension, possible termination based on the review. In additional management, may use our GPS, GRID system Technology and/or Dispatch records for the complaint. Follow up will be made with Contact/Client in regard to outcome of the review. A written statement will be completed and placed in both client and operators file for future reference.

5.2.8 Describe your licensing requirements for your drivers.

All Driver must complete and pass all of the following:

Pre-employment drug screen.

Background check.

FBI Fingerprinting.

Federal D.O.T. medical physical.

Defensive driving program and test.

Our Director of Operations then spends several days training the motor coach operators in the office, behind the wheel, in the airport, and at local popular destinations. Motor Coach Operators are then required to ride with a senior motor coach operator where they will perform under supervision until we feel they are ready to provide JET standards

5.2.9 List the last 5 years of any accidents involving chartered vehicles of your company. Include any findings of fault/responsibility against your company

N/A – None

5.2.10 Provide a list of 3-5 references of similar sized entities to MCCCD that you have done business with in the past 5 years

Karen R. Coppola/Capital Chief Accountant – Eastern Arizona College

Gil Passarella – Manager, Mesa Baseball Administration - Chicago Cubs

Annette Edwards – Field Trip Coordinator – Mesa Public Schools

Kathleen Evans – Administrative Assistant Athletics – Seton Catholic Preparatory

Dave Jampolsky – Owner – Jampolsky Holding Inc. DBA: Destinations Specialists

5.2.11 Describe anything else not listed above that further demonstrates the abilities, experiences, and successes of your company.

JET prides itself in being a very unique and diverse company. We transport hundreds of passengers each day ranging from school students, athletes, musicians, Fortune 500 companies, retail customers, corporate events, over the road tours, and dozens of other types of functions. Our chauffeurs are true top professionals that love what they do. We are a family owned company that is involved each and every day. WE believe that culture runs down into our vehicle operators. Our ownership gives back to the community often and we currently donate and provide transportation to each and every public safety death and funeral. We would be happy to provide hundreds of reviews and references to attest to our superb customer service and product offered.

5.3 Operational

5.3.1 List Company policies, procedures for overnight accommodations for driver.

All drivers require their own rooms on multiple bus moves. Make sure bus parking are permitted on hotel properties. We do ask that the driver stay in the same hotel as the college if possible. The coach and driver must stay at the same locations on overnight trips.

5.3.2 Minimum advance notification (lead time) to request bus service.

We ask that reservation for service be made as soon as possible.

5.3.3 What kinds of provisions do you provide for passengers with special ADA needs.

We do have 2 motor coaches that can be utilized for special needs passengers.

5.3.4 List your Cancellation policies, procedures, and time frames

In town trips

48-hour notice – No cancelation fee

Less than 24 hours – 50% of rate

Same day cancelation – 100% of rate

Out of town trips

30 days prior – No cancelation fee

29 to 15 days prior – 25% of rate

14 days Prior – 50% of rate

7 days prior – 100% of rate

5.3.5 MCCCCD defines a standard day as a up to 10 hours. Specify if your company's definition of a day differs from MCCCD.

The hours are listed below for the following vehicles.

56 Passenger Motor Coach	- 4 hour minimum / $ each additional hour
48 Passenger Motor Coach	- 4 hour minimum / $ each additional hour
40 Passenger Mini Coach	- 4 hour minimum / $ each additional hour
27 Passenger Mini Coach	- 3 hour minimum / $ each additional hour

All out of town trip are 12 - hour days

5.3.6 List how additional hours/overtime rates are determined.

Any hours over the minimum will have an additional fee and billed in half hour increments.

5.3.7 Preferred Vehicle Amenities include, but are not limited to:

Seat Belts • Power Outlets • USB Charging Stations • Air Conditioning • WiFi • TV Monitors • A/V Entertainment Systems • Audio Jacks

5.3.7.1 If these amenities are not considered standard how are they to be requested at time of reservation?

When making the reservation, please request for WIFI which is an additional fee of $ 30.00 per day.

5.3.7.2 If not considered standard amenities on your vehicles please list how many of each vehicle type (passenger category) offers these features.

JET Standard Amenities include

- Seat Belts
- Power Outlets
- Air Conditioning
- TV Monitors
- A/V Entertainment Systems • Audio Jacks

5.3.7.3 Are there discounts for vehicles that do not feature these amenities

There are not discounts because all are vehicles are 2016 and newer.

5.4 Others

5.4.1 Would your company be willing to allow other entities to utilize this contract cooperatively.

JET would allow this contract to be utilized by other entities as long as they are in the Phoenix area and in the same business as the college.

5.4.2 List any related additional services that your company provides that are not identified specifically by this RFP.
