

Elevators and Escalators, Maintenance, Repair, Modernization and Value- Added Solutions

The University of California

UC Procurement is the strategic sourcing business partner supporting academic and research missions across University of California campuses, labs and medical centers. UC Procurement helps coordinate activities that allow a complex and unique system to operate efficiently as one university, furthering its public interest, academic and research missions. They help oversee and manage programs serving the entire university system so campuses can capture the savings and efficiencies of centralized operations.

UC Procurement collaborated with 10 UC campuses, the California State University (23 state universities), and The Foundation for Community Colleges (114 California community colleges) and The Association of Independent California Colleges and Universities (representing 79 private, non-profit colleges and universities) in awarding this agreement.

Who is OTIS?

Otis Elevator Company is the world's largest manufacturer of people moving products, including elevators, escalators and moving walkways. OTIS continues to lead the industry we created more than 160 years ago. We owe our success to our pioneering spirit, a culture of innovation, the trust our customer put in us and the values that define us.

OTIS is the only Global Elevator company that is based in North America, with our World Headquarters located in Farmington, CT. Due to our strong Global presence, we are able to ensure consistent quality, safety and service. We offer products and services in 200 counties and territories. With our wide range of products and services, we're able to meet the diverse needs of the most demanding customers and passengers. Our global presence also enables us to offer the highest levels of personalized service, delivered by 31,000 expert mechanics worldwide.

OTIS

University of California Award:

Government agencies and educational institutions nationwide can now purchase elevator, escalator, lifts maintenance, repair and related services from OTIS through a new agreement awarded by the University of California. This competitively solicited and publicly awarded cooperative contract is made available nationwide through OMNIA Partners, Public Sector.
